 Serial No. : 08/962,271
 Filed : October 31, 1997
 Title : ELECTRODE PACKAGE

Art Unit : 3728
 Examiner : J. Foster

Assistant Commissioner for Patents
 Washington, D.C. 20231

RESPONSE

In response to the action mailed May 25, 1999, please amend the application as follows:

In the Claims:

- Draft*
13. (Amended) An electrode package in which one or more adhesively-applied skin electrodes may be sealed, said electrode package comprising:
- a first adhesively-applied skin electrode,
 - a first compartment containing said first electrode,
 - a releasable seal adapted to seal said first compartment and maintain said first electrode in a sealed mode in which said first electrode is not exposed to an external environment,
 - a connector of said first electrode, said connector comprising at least one terminal adapted to make and break an electrical connection,
 - a second compartment outside of said first compartment and containing said connector of said first electrode, and
